TOURNEY TIME KEEPS ALL BUSY

Great Variety of Competitions Will Be Staged on the Alleys.

LOCAL BOWLERS TO TAKE TRIPS

From now on until the end of the season local bowlers will be kept busy outside of their regular league matches with numerous tournaments, both locally and in other cities.

The annual city tournament, which was scheduled to start last night, has been postponed a week, so as not to conflict with the Gate City tournament, which was extended over the same period to accommodate the large number of entries.

The postponement will permit the Gate City teams and individuals to enter in the annual city championship competition without conflicting with their own tournament.

CITY TOURNAMENT

The tournament will be held February 5 and 6. The five-man event will be rolled with one squad Saturday evening and another Sunday morning at 10 o'clock. Doubles and singles will be rolled Sunday afternoon and evening.

Entries close Thursday, February 2. A new feature in this year's tournament will be the Burgess-Nash trophy to be given to the all-event champion and to be retained by him one year until the next annual tournament.

An extra charge of 25 cents will be made to every bowler entered in all three events. The money collected in this manner will be held by the treasurer until the next annual city championship tournament is staged. It will then be turned over to the holder of the cup upon his surrender of same to the next champion. This system will undoubtedly be used each succeeding year. The trophy is a large beautiful design of a ten-pin and ball. It will be displayed in the windows of the donors, the Burgess-Nash company during the coming week.

Huntington Handicap

The next tournament attracting local interest will be the annual Huntington handicap tournament. This big event will attract the largest entry due to the handicap system in which the weak or second rate bowler is placed on an equal basis with the first class pin topplers.

There is a large number of second and third class bowlers in Omaha who hunger for tournament play and this one event staged by Dan Huntington gives them the chance they want. The tournament is open to the world on a handicap system, which is based on the general averages of bowling leagues in and around Omaha. Special effort is made to secure entries from towns out in the state and in western Iowa. Several nearby towns have the towing cranes and are anxious to come to Omaha and compete against teams of their own calibre and receive a handicap which enables them to have an equal show with stronger combinations.

Outsiders to Come

The Harlan, Red Oak and Carroll, Ia., teams have announced their intentions of entering and other entries are expected from the state across the river. Teams will also be sent from Lincoln, Fremont, Columbus, Kearney, Grand Island and Pender. The entry fee will be \$1 per man each event. This amount will include the bowling. It opens February 13 and continues until all matches have been rolled.

International at Mill City

The big international tournament which opens in Minneapolis February 11, will receive at least one entry from here. The Pete Loch squad have entered, and with their crack lineup they are sure to make a good account of themselves. Last year the Burgess-Nash team was Omaha's sole entry in the big northern meet, and they made a splendid showing. If this season's entry does as well or better they will bring home a big piece of the prize money, as the prize fund this year is much larger than that of last year.

Teams for "A. B. C."

Five Omaha teams are sure to enter the big American Bowling congress tournament which opens in Toledo, O., March 4. The Stars team has already received its dates, which will be the last two days of the tournament, March 3 and 4. The Lanes and Mies have asked for March 12 and 13. The two Jettis Old Age teams will roll on one of the above dates. These five teams will have in their lineups thirty of Omaha's best ten-pin artists.

Nebraska Tourney

The annual Nebraska state tournament is scheduled to open in Lincoln April 3 and continue until the 10th. About thirty entries are expected in this season's meet. The Crescent alleys will be closed and retrofitted and put in first-class condition for the matches. About ten Omaha teams will enter. Last year Omaha bowlers walked away with practically all the prize money and intend to do it again this year, but if current rumors of the Murphy to Salt Lake.

HUSKERS LICK OMAHA FIVE

But Burgess-Nash Quintet Puts Up Game Fight and Holds Collegians to Score of 24 to 20.

AMBERSON HOLDS RUTHERFORD

The University of Nebraska took the Burgess-Nash five in low last evening at the Young Men's Christian association, 24 to 20. The contest was replete with spectacular tossing, both teams putting off many sensational shots.

The visitors excelled in team work and kept the locals guessing by their clever passing. The close guarding game played by the Burnasos, however, kept the collegians from getting too close to the basket.

The locals clung to the collegians with such persistency that they found difficulty in freeing themselves for shots at the hoop.

At the beginning Nebraska started out with a rush that threatened to engulf the locals. This lead was soon cut down by three well-executed baskets of Les Hyde. From then on the half was nip and tuck and finally culminated in a 15 to 15 tie.

The second period resolved itself to a close guarding battle. Neither side had opportunity to use much teamwork and were repeatedly penalized for rough playing. It was not until the last five minutes of play that the Huskers jumped to the fore, which they managed to hold until the end. The Burgess-Nash had several opportunities to tie the battle, but failed in the pinches.

Amberson at left guard played a whirlwind game for the locals. So close did he guard Dick Rutherford, his opponent, that the star foot ball player was able to negotiate but one basket. It was a battle royal between Amberson and Rutherford with the odds favoring Amberson. Les Hyde also played in fine form for the Burnasos.

For the Cornhuskers, Thieson played a whirlwind of a game. Thieson mixed in every play and had little difficulty in muzzing up the locals teamwork. Hugz at left guard was one of the star performers of the visitors.

JEWELRY STOLEN THREE YEARS AGO RECOVERED

DEADWOOD, S. A woman friend of the owner spotted the earrings in the form of a ring on the hand of another woman. The officers were informed, a search warrant secured and the jewels returned by the wearer, who stated that they had been given her by the young man in question, who long ago departed for another city. The owner is satisfied and the police refuse to disclose any identities.

Snowslide Bares Rich "Strike," Rush of Colorado Miners On

DURANGO, Colo., Jan. 9.—La Plata City, a mining camp northwest of here, is practically entirely buried under snow slides which have run down three mountainsides on to the town, according to advices reaching here tonight from May Day. Twenty-five families who fled to May Day are safe but they fear that several other persons who remained have been overwhelmed by the avalanche and probably killed.

Reports from Silverton mining men say that the slides have resulted in an important mining discovery.

According to District Judge W. M. Searcy, Silverton miners prospecting along Cement Creek saw a boulder ten feet in diameter, which had been carried down by a slide and had split on striking the bottom of the gulch, exposing a six foot black streak. The streak, says the report, proved to be Tungsten assaying 85 per cent, with a market value of \$8,000 a ton at present prices. Mining men say this discovery would mean a body of the richest Tungsten ever found.

A Tungsten fever that is said to outweigh the fear of avalanche is reported at Silverton. Miners driven to Silverton by mines closed on account of the snow have joined the rush. Other miners are reported to have left the La Plata district on snowshoes, defying slides in the forty mile trip to Cement Creek.

SOUTH HIGH FIVE IS VICTOR

Defeat University Place Quintet, 31 to 17, with Captain Nixon Leading the Attack.

CORR SHOOTS EIGHT BASKETS

South High annexed its fourth consecutive intercollegiate basket ball victory by defeating the last University Place five on the local floor last evening, by a score of 31 to 17. Coach Patton's pupils performed in such excellent fashion that none could doubt their superiority.

Captain Bryan Nixon, the best center in the state and the best all-around athlete South High has ever turned out, single-handed, fairly tore the teamwork of the visiting team to pieces. University Place would cover the ball, but before the game was well under way they seemed to realize that prolonged tamper was useless. Most of their baskets were made on long-distance, spectacular throws.

The local team took the lead from the start. At the end of the first half the score stood 15 to 4, in favor of the local team. Patton sent in Arthurton and Groves in the latter part of the second half and the team played with its usual evenness and confidence.

Only in March and Bailey, veteran guards of the University team, did the locals experience any difficulty in setting away with their counters. The first half found the South center and forward machine somewhat handicapped, so closely did the two guards, who both played stationary positions, watch "Billy" Graham, left forward, Corr, opposite forward for the locals, massed five baskets in the second half. Shainholz, guard, got away with two sensational shots from difficult angles far in the center of the court.

The lineup: SOUTH HIGH..... UNL PLACE. Corr..... E. L. Payne. Graham..... L. F. R. F. Payne. Nixon..... C. C. Amos. Groves..... C. C. Amos. Shainholz..... L. G. R. G. Bailey. Substitutes: Arthurton for Shainholz, Groves for Graham. Field goals: Corr (8), Graham (2), Nixon (2), Shainholz (2), Burke, Payne (2), Amos (2), March (2), Patton (2). Rebounds: Kearns, Omond, Tinner, Patton. Scorer, Cook of University Place. Time of halves, 18 minutes.

Happy Old Age

When old age carries with it hosts of friends, good health and an abundance of this world's goods, it should be as happy as any period of our existence. That is old age as it should be, but too often it means pain, weakness, torpid bowels, a sluggish liver, and a general feeling of ill health, despondency and misery. This condition can be greatly alleviated, however, by taking one of Chamberlain's Tablets each day immediately after supper. That will strengthen the digestion, tone up the liver and regulate the bowels, then that feeling of despondency will give way to one of hope and good cheer. Obtainable everywhere.

UNION GOSPEL HAS THEATER SERVICE

Menoma Chorus Assists in Initial Campaign to Raise Funds for Mission.

G. L. SEARCH THE SPEAKER

A crowd which occupied two-thirds of the seats on the first floor gathered yesterday afternoon at a religious service at the Brandeis theater, when a campaign to raise \$3,000 for this year's expenses of the Union Gospel mission of Omaha was initiated.

Five men subscribed \$10 a month; ten gave \$5 a month; and many others amounts from a few cents to several dollars.

A feature was the first public appearance of the Menoma chorus of men under the leadership of J. E. Carnal. This chorus made a distinct "hit" with the audience, singing with fine effect at the beginning and close of the services.

Seven men, members of a gospel team, serving the Union mission, were introduced to the audience as the "finished product" of the institution. Formerly down-and-outers, they are now engaged in attempting to lighten others' burdens. Several "gave testimony" of the change brought to their lives by the acceptance of the gospel of Christ. The crowd cheered them.

For Rescue Homes

George L. Search, superintendent of the Helping Hand mission of Sioux City, gave a strong talk in support of rescue homes. He told first of the call from which he had felt to such work, and of his later success.

Mr. Search laid emphasis upon the value of missions as preventatives of crime and as an influence for the reconstruction and saving of wrecked lives, as well as its principal great work of the "salvation of precious souls."

One of the means by which Mr. Search attracted sufficient attention to his work to secure the backing which made possible the mission in Sioux City, was by holding services in a resort, the woman proprietor of which allowed him to use a dance hall.

Superintendent Perry of the Omaha mission told of its work and methods. As testimony of its success, he said, 161 men have accepted Christ since October 15. Of these 75 per cent have made good.
